INCLEMENT WEATHER/ POOL CLOSURES

The Budlong Pool may close from the time to time, based on possible unsafe weather conditions or situations, or when weather conditions are so poor that the likelihood of swimmers is very small. The closure of the Budlong Pool is at the discretion of the operating facility manager and of the Parks and Recreation Director. The Budlong Pool may close, but is not limited to, the following reasons:

1. The pool will be evacuated in the event of either thunder or lightning, as is recommended by the American Red Cross and National Weather Service. The pool will remain empty for 30 minutes after the last occurrence of thunder or lightning. The pool may close for the remainder of the day if the thunder or lightning continues for one hour or more.
2. The pool will close under the following bad weather conditions, based on recommendations by the American Red Cross, and on the low likelihood of swimmers:
 - a. If it is consistently raining for more than one hour, or hard enough the Lifeguard Staff are unable to clearly see the bottom of the pool.
 - b. If either the temperature or wind chill factor is too low to support swimming.
3. At any time during the 30 minute evacuation period, patrons may ask for a hand stamp to return later in the day. There are no refunds.
